

# Aged Care Insurance

# While the elderly in your centre deserve the best care, so does your business.

Providing the best quality care to those in your community who need it most is your number one priority. That's why our number one priority is ensuring that you have the right insurance cover so that if something does go wrong you're protected – now and in the future.

Working closely with the elderly, you know that they are particularly at risk of accident, from the occasional mishap to a full-blown emergency. As a business owner, you know that the same can be said for your company. We have access to a range of comprehensive insurance policies designed to protect them and your Aged Care facility, whatever your set-up:

- Retirement villages
- Nursing homes,
- Aged care hostels
- Home and community service providers

**We know that just as everyone in your care is unique, so are the risks in your facility. You need a policy that's tailored to the specifics of your care.**

Our experienced brokers will work closely with you to identify the particular risks associated with your facility, to source suitable cover at a competitive price.

As an Authorised Representative of PSC Connect, we are part of PSC Insurance Brokers, Australia's largest privately owned insurance network. With offices around the country, we can call on 400 staff to help us help you.

That means we've got more to offer you and help you negotiate your way through your insurance. Whether that's just working with you to understand your business and the range of risks that are unique to your business, through to using our considerable buying power to negotiate with insurers on your behalf.
