

# Farm / Crop Insurance

# Farming and Agriculture has traditionally been the backbone of the Australian economy over the years.

Farms are still big business. Once dominated by family farms, agriculture has grown into agribusiness dominated by large corporations. However, smaller family farms, ranches, wineries, dairies, and other small farm businesses still make up a vibrant and significant part of the regional economy.

Significant loss of equipment, structures, crops or livestock can devastate your business and end generations of investment: which is why having a comprehensive farm insurance program is critical to the long-term success of your farm.

Many of our brokers within PSC Connect and in the wider PSC Insurance Group live and work in regional Australia and are committed to providing high-quality insurance for farmers. With access to leading insurance products specifically designed to meet the unique needs of a working farm, we are able to offer access to a range of specialist insurance policies such as Crop Insurance, Personal Accident & Sickness and Land Transit.

**We understand different farms have different risks and issues and our experience ensures we can source a broad range of insurance protection for farmers, their livestock or produce, their property and their business interests.**

Our experienced brokers will work closely with you to identify the particular risks associated with your project, to source suitable cover at a competitive price.

As an Authorised Representative of PSC Connect, we are part of PSC Insurance Brokers, Australia's largest privately owned insurance network. With offices around the country, we can call on 400 staff to help us help you.

That means we've got more to offer you and help you negotiate your way through your insurance. Whether that's just working with you to understand your business and the range of risks that are unique to your business, through to using our considerable buying power to negotiate with insurers on your behalf.

We have access to a range of comprehensive insurance solutions which will protect the specific elements of your farming business:

- Home & General Farm Property
- Public & Products Liability
- Private & Farm Motor Vehicles
- Crop insurance
- Personal Accident & Sickness
- Land Transit
- Machinery Breakdown
- Computer/Electronic Equipment
- Theft
- Tax Audit
