

Hotel & Pub Insurance

Australia's Hotel & Pub Industry is a significant driver of the nation's economy.

Creating employment opportunities, consuming locally supplied goods and providing a meeting place and entertainment hub for tourists and the local community alike, the Hotel & Pub sector allows many Australian communities to thrive. Such great responsibility should be backed up with a comprehensive insurance policy.

Insurance cover is important for the peace of mind of any business owner, particularly in the Hotel and Pub sector, where managers deal with a wide array of human behaviour, often with the added involvement of alcohol. It is therefore imperative that any business operating in this industry be appropriately covered for things like public and product liability as well as fire and storm damage, theft and even personal injury.

PSC Connect Authorised Representatives understand the unique risks and challenges of operating within the Hotel & Pub sector. Whether you run a small country pub or motel, a busy cosmopolitan café, or a city nightclub, we know your business is unique and you need a policy that covers the specifics.

We will work closely with you to identify the particular risks associated with your business, to source suitable cover at a competitive price.

As an Authorised Representative of PSC Connect, we are part of PSC Insurance Brokers, Australia's largest privately owned insurance network. With offices around the country, we can call on 400 staff to help us help you.

That means we've got more to offer you and help you negotiate your way through your insurance. Whether that's just working with you to understand your business and the range of risks that are unique to your business, through to using our considerable buying power to negotiate with insurers on your behalf.

While bed and breakfasts, motels, hotels and serviced apartments are often collated under the same umbrella, we recognise that each have different risks and needs. Your Authorised Representative is able to work with your insurers to find a solution to meet your specific insurance requirements.
