

Transport & Logistics Insurance

The efficiency of Australia's Transport & Logistics industry is vital to the nation's productivity and wellbeing.

Every industry in Australia depends on Transport and Logistics to some degree. Low cost transport allows Australian exporters to profitably reach key markets, helps Australian manufacturers to keep cost-competitive in the face of cheap imports and enables firms within Australia to compete over a larger area, bringing lower prices and greater choice to consumers.

Transporting a varied and diverse set of goods leaves transport & logistics businesses exposed to greater and more complex risks than other industries. As a result, it's even more important to obtain comprehensive insurance cover. We can assist you to obtain insurance policies such as motor fleets, taxis, buses, earthmoving equipment, heavy motor vehicles, commercial vehicles and more from a full range of liabilities and risks. These policies protect the business and assets of:

- Road Transport operators
- Rail Transport companies
- Storage and Warehousing businesses
- Port Authorities.

We understand the breadth and complexity of this important industry and work hard to achieve a balance of risk management and insurance solutions.

As an Authorised Representative of PSC Connect, we are part of PSC Insurance Brokers, Australia's largest privately owned insurance network. With offices around the country, we can call on 400 staff to help us help you.

That means we've got more to offer you and help you negotiate your way through your insurance. Whether that's just working with you to understand your business and the range of risks that are unique to your business, through to using our considerable buying power to negotiate with insurers on your behalf.
